

# UNDERSTANDING DWARFISM

Understanding Dwarfism is a program dedicated to changing the world's perception of a group of people who throughout history have been miss understood and stigmatized because of their profound short stature. Our hopes are that through education, understanding and awareness, people will begin to see persons with dwarfism as individuals making positive contributions to society - equally capable and deserving of a life free of stereotypes and equal to that of any other.

Today, most minority groups are making huge strides in seeking recognition and fair treatment in society. While there has been a great effort by the dwarfism community to make such strides, society seems to tolerate the unfair treatment of people with dwarfism. At times it seems to be socially acceptable to many people. This leads to many challenges faced by most people with a type of dwarfism.

The UD Program is dedicated to educating and raising awareness about dwarfism. It also acts as a support program to assist and inspire people all around the world to educate on their own. We lend support through our Outreach Program by offering creative ways to maximize other people's efforts to raise awareness. The UD Program offers assistance to people who live with dwarfism. From helping new parents navigate some of the obstacles of having a child with dwarfism to offering material to educate others. No matter what the situation, the UD Program looks to show others the true lives of people with dwarfism and aims to help inspire those that live with dwarfism to have no limits and to set higher goals.

None of this is possible without the support of others and funds made available to continue to expand our Outreach Program. We are asking that you consider making a donation to the Understanding Dwarfism Program to ensure that we can continue making strides in our mission to make a difference for so many. Understanding Dwarfism is a 501(c)(3) non for-profit organization. Your contribution is tax deductible to the extent allowed by law.

To donate, please visit the [www.understandingdwarfism.com](http://www.understandingdwarfism.com) and click on the DONATE BUTTON or contact us at [james@understandingdwarfism.com](mailto:james@understandingdwarfism.com) to find out how you can donate and join in our efforts to make a difference.

Sincerely,

James Korpai
